BROOKLANDS

Brooklands, The Birthplace of British Motor Sport and Aviation, opened to the public in June 1907. It quickly became a centre for motor racing, aircraft production and flying and a destination of choice for 1920s and '30s high society. Take a tour back in time to that glamorous era and discover vast collections of classic cars, aircraft and motorcycles inside beautifully restored original buildings. See the racing track, WWI and WWII aircraft or go on board Concorde for a virtual flight experience you'll never forget!

We are open all year round and can offer your group an introduction to the Museum spoken in **German*** by one of our staff. There is a café, gift shop, coach parking and many other exhibitions and attractions to explore on this beautiful site. We look forward to welcoming you here soon.
